Apprenticeship Opportunities

JAGUAR LAND ROVER & SUPPLIER APPRENTICE ROADSHOW

HIGHFIELDS SCHOOL, BOUNDARY WAY, PENN, WOLVERHAMPTON, WV4 4NT

26th NOVEMBER - 6:30-8:30pm

Discover how you can build a world-class career with
an apprenticeship in manufacturing and engineering.

jaguarlandrovercareers.com

In conjunction with some of Jaguar Land Rover's leading engineering and manufacturing partners, we're embarking on a careers road show throughout the West Midlands. We'll be talking to students, parents and teachers about the career opportunities available for ambitious school and college leavers.

JLR and our partners offer a wide range of opportunities and apprenticeships that enable young talent to build experience, gain qualifications and earn a competitive salary while making a real contribution to the success of the organisation.

There are opportunities for students at many stages of their education. At JLR we offer an Advanced Apprenticeship scheme for those with/studying for GCSEs and a Higher Apprenticeship scheme for those with/studying for A-levels.

Our partners help support Jaguar Land Rover's operations by supplying components or services for our vehicles - from the rugged iconic Land Rover Defender to the exciting Jaguar F-Type or even the new Jaguar XE. These levels of support demand ambitious talented people to help build our future.

We look forward to meeting you at one of our events, and helping determined candidates start an exciting career journey.

If you would like to attend the event, pre-register using this link:
